An orientation conference will be scheduled to go through the Family Handbook. This details policies, procedures and guidelines for staff and parents. Parents will be asked to contract for days of enrollment during the school year. A separate contract will be signed for the summer program.

Transportation to and from Hope For Kids is the responsibility of the parent. Richfield Public Schools will bus the children to and from appropriate schools and Hope's School-Age Care.

The Hope's School-Age Care staff teachers are licensed by the State of Minnesota with experience in elementary education and kindergarten curriculum. The staff-child ratio is 1 to 15.
